Best Deep Cleaning Checklist

General cleaning

- 1. Dust all surfaces including shelves, countertops, and furniture.
- 2. Wipe down baseboards, window sills, and door frames.
- 3. Clean light switches, doorknobs, and handles.
- 4. Vacuum and mop all floors, including under furniture and rugs.
- 5. Wash or vacuum curtains and blinds.
- 6. Clean ceiling fans and light fixtures.
- 7. Empty and clean trash cans.

Kitchen

- 1. Clean inside and outside of cabinets and drawers.
- 2. Scrub countertops and backsplash.
- 3. Clean and sanitise sink and faucet.
- 4. Descale and sanitise small kitchen appliances like the coffee maker, toaster, and kettle.
- 5. Clean the oven, microwave, and stovetop thoroughly.
- 6. Defrost and clean the refrigerator and freezer, removing shelves and drawers for deep cleaning.
- 7. Wipe down the exterior of large appliances like the refrigerator, dishwasher, and stove.
- 8. Clean the exhaust fan and filter.

Bathroom

- 1. Scrub and disinfect the toilet, including around the base and under the seat.
- 2. Clean and sanitise the bathtub and shower, including tiles and grout.
- 3. Wash shower curtains or liners.
- 4. Clean and polish mirrors and glass surfaces.
- 5. Wipe down countertops and sink.
- 6. Clean and organise bathroom cabinets and drawers.
- 7. Replace any worn-out shower curtains, bath mats, or towels.

Bedrooms:

- 1. Wash bedding, including sheets, pillowcases, and blankets.
- 2. Vacuum and flip or rotate mattresses.
- 3. Clean under the bed and behind furniture.
- 4. Dust and polish furniture, including dressers, nightstands, and vanities.
- 5. Organise closets and drawers, decluttering items as needed.
- 6. Clean any mirrors or glass surfaces.

Living Room and Dining Room

- 1. Vacuum upholstery and under cushions.
- 2. Clean and polish wooden furniture.
- 3. Dust and clean electronics, including TVs, gaming consoles, and speakers.
- 4. Vacuum and clean any area rugs.
- 5. Dust and clean shelves and decorative items.
- 6. Clean and polish dining tables and chairs.

Miscellaneous

- 1. Wash windows inside and out.
- 2. Clean air vents and replace air filters.
- 3. Check for any signs of pests and take necessary measures.
- 4. Steam clean carpets if necessary.
- 5. Wash and sanitise pet items like beds and toys.
- 6. Deep clean any other specific areas that need attention, such as a home office, laundry room, or garage.
